Another \$5000 Damage Suit.

There was another praecipe filed in the circuit clerk's office to-day by Crea & Ewing and Buckingham & Schull for Wash. S. Smith against W. Scott Turpin, for trespass on the case, damages being placed at \$5000. This is another suit growing out of the alleged talk in connection with the Williams bribery and suicide cases. A few days ago Mr. Smith began suit against Chancery Turpin, son of Scott Turpin.

A Fello of 1843.

In the mail yesterday Justice Curtis received a document from his nephew, Sterling P. Curtis, of Oakland, Ill., which carried the "Squire" back to the days when he was young and active and when he was an expert in handling the willow whips "teaching the young idea how to shoot." It was a schedule signed by him for wages due him as a school teacher at Independence, now Oakland, Cook county, Ill., for the month of October, 1843. The writing is distinct although the paper is yellow with age. It shows that Mr. Curtis was allowed \$20.86. It is endorsed by Dr. H. Rutherford, William Patton and J. J. Pemberton. At that time "Squire" Curtis was 20 years old. He prizes the schedule very highly, and will have it framed and hung up in his apartments. He says he taught at old Independence nine months and had 60 to 125 pupils, many of them over six feet tall.

They Need a Rest.

For a week past a committee composed of George W. Jones, Herman Martin, Frank Stevenson and G. E. Quincy, have been passing among the merchants of this city a petition asking them to close up their stores at 6 o'clock during the week, which has met with good success. All but one merchant has signed and that firm will probably join the movement this afternoon, when the above committee will wait upon them. The petition is one well backed, as every dry goods and boot and shoe clerk in the city has signed it, and as their action is so concerted and as their claim is nothing more than right, it is evident the merchants will all grant this favor to their clerks, who after working industriously all day should have their evenings to themselves and to their own personal enjoyment. This request does not include Saturday nights or Wabash pay days.

IN UNIFORM.

Sons of Veterans in Blue Suits with Bright Buttons.

The members of Col. I. C. Pugh Camp, No. 14, Sons of Veterans, had possession of the town last night. It was the occasion of their regular meeting, and the comrades out quite a swell in their dandy new suits of blue, bright buttons and jaunt caps, lately purchased from Lilly & Co., Columbus, O. The camp has also invested in regulation guns. There were 30 present at the meeting, and there was general good feeling over the prosperity of the order, and the certainty of victory at the drilling contest at Jacksonville in June next, when the state encampment will be held.

The ladies of the Woman's Relief Corps will give the camp a reception treat at the Post hall on Thursday evening, May 15th.

On the night of the 14th the camp will be inspected by Col. Stadden, the division commander.

GEORGE BELL and **Roscoe Tapp** were in the county clerk's office to-day, and in open court declared their intentions to become citizens of the United States. The declarations were placed on file.

R. J. Roberts States the Facts.

The moving of the I. R. Mills dwelling by R. J. Roberts and the consequent inconvenience to the street railway, electric light and telephone companies is made the occasion of a vicious attack on Mr. Roberts by the *Daily Review* of this morning. Mr. Roberts, in an interview to-day states that he claims no more rights in this city than any other man, nor more than he is accorded under the ordinances. He said in substance: "I have no contract to move Attorney Mills' dwelling. I took the job by the day, and after getting a permit from the mayor for the use of the streets in moving the house, I suggested to Mr. Mills that he should see the wire men and tell them to look after the wires. He did so. When I crossed West Main street, Manager Ferguson was there to lift the connecting wire, and there was no trouble, except brief, unavoidable delay in running the cars. When I got to the first alley between Wood and Main on Church, the Gas company out the electric light wires to let the house through and repairs were made at once. I expected to reach the block on Wood street, between South Main and Water, at 3 or 4 o'clock, and at noon I told Manager Martin, of the Decatur Short Line street railway, that I would be there at that time. He said, 'I will be there with my men and take care of the wires.' He also made the same promise to Mr. Mills. I got there at five minutes past 4 o'clock and waited one hour and fifteen minutes with nine men for Mr. Martin to come. He did not come until Mr. Mills went after him. The guy wires were then taken down and the house was moved as far as possible before 6:20 o'clock. We could go no further, as the city electric light wires were ahead and could not be interfered with at night. The foregoing are the facts in the case. There was no feeling in the matter on my part. Mr. Mills was to look after the details, and my arrangement is simply to move the house."

Will Not Resign.

It has been rumored that Officer Frank Butte had tendered his resignation as a policeman. He authorizes the statement that he has no intention whatever of leaving the force, but will remain on duty as long as he is permitted to do so. Yesterday a large body of Fifth ward voters, who had heard of the rumor, called upon the officer at his home, and insisted that he should continue to serve as a policeman. Mr. Butte assured them that he had no thought of resigning. How the rumor got started the officer is unable to state.

Acquitted.

Isaac Siders, charged with the murder of his cousin, Thomas Siders, of Camargo, was acquitted at Tuscola yesterday.

Harts for State Senator.
The prohibitionists of Logan county, which is in the senatorial district, held their county convention at Lincoln yesterday. Delegates to the state, congressional and senatorial conventions were chosen. The convention instructed for D. H. Harts for state senator. Macon county may have a rival candidate for the nomination.

Serious Damage.

The moving of the I. R. Mills dwelling to the Starr & Mills addition has occasioned considerable annoyance and damage to the Short Line Electric railway, as the wires for a block on East Wood street were displaced by the moving house, which is a number of feet higher than the wires. The Short Line cars were stopped last night and again this morning for over two hours. Manager Martin was highly incensed against R. J. Roberts, who has charge of the work of moving the house. They clash in their opinions as to who has the right to the street. There is promise of a law suit unless there is an amicable settlement.

W. M. Park Appointed.

Frank B. Winebrenner, chief of the paid fire department at Spokane Falls, Wash., is putting the department in first-class shape. There are eighteen men under him, and there are four chemical engines and hook and ladder wagons in use. A Spokane paper announces that Chief Winebrenner has appointed William M. Park, formerly of the Decatur department and brother of James Park, as driver of Chemical Engine No. 1. It also states that the rules of the Decatur fire department will be adopted by the Spokane department.

Danger of a Coal Famine in Our Midst.

Supt. Armstrong paid off the Decatur miners yesterday. Every man got his money up to May 1st, but not a syllable was uttered as to a probable return to work. The miners were not in a position to speak for themselves. They are waiting for news from the executive committee.

The meeting of miners was held last night at the hall in Commercial block. There was a large attendance. An official communication as to the action of the executive committee on the situation in Decatur was expected, but it did not come, and further illness and delay will follow.

COAL SHORTAGE.

There is every prospect of a coal famine in this city, where we have heretofore had such a plentiful supply of cheap fuel. If the miners should remain inactive and no new men are secured by the company, soon there will be a general demand for coal, and unless it is forthcoming the factories will have to shut down and more men will be thrown out of work in consequence of the coal miners' dispute.

That executive committee should get a move on itself.

Warren were appointed to confirm a petition, the first for day work and the latter for night, and both of them being present, accepted the positions and entered upon their duties at once. John Robbins was appointed street commissioner, and R. T. Clements was assigned the duty of revising the poll list. No other business the board adjourned.

THE CAUSE OF IT.

Why Decatur Anglers Will Not Go to the Mackinaw to Catch Fish.

The members of the Decatur fishing party, and others who in years past have been in the habit of going to the Mackinaw to camp out and fish, have a grievance. They will not go there any more, for the reason that the management of the P. D. & E. railway has seen fit to stop selling tickets to that place, and has given notice that in future trains will not stop at the Mackinaw for the accommodation of fishermen or any one else.

A Decatur fisherman was asked the reason for this singular change on the part of the company, a change that will lose them several hundred dollars yearly. "Oh, it is easily enough explained," was the reply. "The P. D. & E. wanted to lease a tract of land from a farmer named Fisher, who wanted \$200 for the rental. The company wanted the ground to fit up as a pleasure resort, but was willing to give only \$100 a year for it. This Fisher refused to accept, and now the railway managers have shut off all business at the Mackinaw. It's tough to make the patrons suffer for the refusal of Fisher, but we'll have to stand it. We like the Mackinaw as a fishing place, but I guess we can go to Ouster or somewhere else."

It will appear to a "man up a tree" that the railway company is the principal loser by the new order, and that there is nothing to be gained by punishing the patrons of the line to spite Farmer Fisher.

Pat Hunt Will Get It.

There was a very brief adjourned session of the city council held last evening, because the Public Improvement committee were not quite ready to submit a report on the sewer bid. By request of Chairman Simpson the committee was granted until Monday night to make a report. It is understood that the bid of P. H. Hunt, which was \$13,000 less than that of the Chicago firm, will be accepted. It is necessary for the committee to do some figuring and they want a little more time.

The liquor license of H. W. Downing was transferred to J. H. Mitterspach. Adjourned to Monday evening next.

MINERS PAID OFF.
